

## Young Adults with Epilepsy

### To:

You are invited to participate in the **Otter Cup: Tee Off for Epilepsy**, an inaugural golf tournament benefiting the 501(c)3 nonprofit, Young Adults with Epilepsy, Central Coast.

Play the green stretches of Club Pasadera, a Jack Nicklaus signature course, for a day filled with sport, spirit, and philanthropic support, swinging our clubs for a noble cause. Your efforts will benefit young adults living with epilepsy who face significant mental health challenges, social stigma and isolation, and underemployment - despite academic achievements and natural talents. Help us to change the pervasive misconceptions and stigma surrounding this condition; by joining forces we can create meaningful change, one swing at a time.
